

THE GLEICHEN CALL

VOLUME XXXIII NO. 35

GLEICHEN, ALBERTA, WEDNESDAY

NOVEMBER 13, 1940

SUBSCRIPTION \$2.00 PER YEAR

RED CROSS SOCIETY APPEALS FOR FINANCIAL AID

The campaign for funds to assist the Red Cross has now been launched in Gleichen and it is the hope of the committee in charge that this will be the most successful drive yet.

The committee, Tom Brown and Ralph Ragan with powers to add more canvassers, are already on the job. The committee state that volunteer solicitors will soon be approaching everyone and want all to make their task easier and your heart and pocketbook lighter by giving just a bit more than you think you can afford to.

Let's all get together and show our Fraternity and our faith in the boys somewhere in England, so that these boys as well as those stout-hearted kind of us who have things left over, shall have a little bit easier.

In order that Gleichen and district Red Cross just how necessary this campaign is supported, the committee in charge intend to publish all donations in The Call.

Here is the start:

Masonic Lodge	\$50.00
W. H. Stuenkel	5.00
Stuenkel Store	5.00
Queen's Hotel	5.00
T. H. Beach	10.00

Let's go on from here and be asked to give and give till it hurts.

The women of 5,000 Red Cross branches and groups throughout Canada will concentrate on the making of half a million articles of clothing which are needed urgently for refugees and evacuees in Britain. Mrs. Wallace Campbell, national chairman of the Women's War Work Committee of the Canadian Red Cross said: "I am confident that we can accomplish this in the 1940 month period. In the mean time, we are assisting the suffering people of Britain with supplies from our Canadian Red Cross warehouses in England."

"We shall continue to make hospital supplies, and, of course, our knits for active service forces will slacken. Two-way mitts and gloves, turtle-neck sweaters and seamen's stockings are needed in large numbers, and all other knitted articles with the exception of wristlets, are still required."

Praying the quality of the work done by the women of Canada during the past year, Mrs. Campbell said: "We have had the greatest co-operation from all sides. The women follow our advice that they should knit and sew things that are needed most rather than the things they themselves like to do best."

Up to August 31st, 50,019 cases containing more than 500,000 articles were shipped overseas by the Canadian Red Cross. Out of the \$5,000,000 contributed last November, a sum of \$2,000,000 was spent on the purchase of materials from which the women of Canada have made the majority of these supplies. Part of the money raised at the Canadian Red Cross Society's present appeal for funds will be used to buy materials urgently needed supplies.

MISCELLANEOUS SHOWER

On Wednesday Oct. 30th the home of R. B. Hayes was the scene of a very happy party when the ladies of the community met for a miscellany shower in honor of the Lois Rouché, bride-elect for November. The afternoon was spent enjoying with games and musical numbers. Miss Rouché and Mrs. Kiley were lucky prize winners. Mrs. McArthur sang two very lovely songs, which were very appreciated for their rare quality. A baby shower was also held in a room decorated in pink and white, was wheeled into the room by Miss Hayes. Many beautiful presents were then unwrapped by the bride assisted by two friends Miss J. Burns and J. B. Hayes. A very delightful time was then served by the hostess and her assistants. Everyone joins together in wishing Miss Rouché every happiness and success in her new venture.

Sergt. J. Stabback and Ted Klose plus their lady friends of Calgary attended the Legion dance Friday.

BRITISH ARMY HAS NEW MACHINE GUN

British soldiers receive training in the use of the new machine gun, a new weapon for the British Army, made in two calibres of 7.92 and 11 millimetres. It is equally effective against ground or air attack, can be

fired from the ground or a moving vehicle. From the 1932 model approximately 3,000 rounds can be fired in 30 minutes. Special factories have been built in Britain for its manufacture.

ALBERTA PACIFIC PURCHASES BRAWL ELEVATORS

Shareholders of N. Bawlf Grain Company Limited approved of the sale of the company's assets to the Alberta Pacific Grain Company Limited for \$1,000,000 cash. The Alberta Pacific under the terms of the offer assumes liabilities of the Bawlf Company including a mortgage of \$1,000,000 on the Bawlf terminal elevator at Port Arthur.

Of the preference shares represented at the meeting 11,555 voted in favor of the sale of the company's assets and 157 voted against sale. The Bawlf Company owns 131 country elevators and a terminal elevator at Port Arthur. Acquiring the Bawlf assets will give the Alberta Pacific a terminal at the head of the Great Lakes as well as at Vancouver.

HOCKEY CLUB HOLDS MEETING

A hockey meeting was held in the Town Office Sunday with thirteen present when it was decided that the team would be run by the 22nd Battery, R.C.A., N.F.A.M. The executive of the team will continue to exist until the end of the season, accounts that they have incurred a loss. If there is any chance of 22nd Battery not taking over the team, the executive will be called upon as a sponsor. The executive was instructed to approach the Athletic club for a donation to help clear up accounts.

THE WORLD OF WHEAT

Members of the Canadian Seed Growers Association have been able to make extra special contribution to Canada's war effort. The war effort has been able to make extra special contribution to Canada's war effort. The war effort has been able to make extra special contribution to Canada's war effort.

Old established seed houses, bread and wheat which are present immediately inform the public, their whose name appears on the upper left hand corner of the notice," he stated. "Their steady co-operation in the war for medical examination."

NEW WORK ROOM OSTRANDER BLOCK

The Red Cross work room is now located in the Ostrander Store just east of the bank. This place is light and roomy and warm to work in. It is a good deal of sewing and quilting. The men are increasing for any line of refuge clothing as bombings and destruction continues in England. We, who are enjoying comparative ease and security should be most kind to do all we can to help those unfortunate war victims who have no chance to help themselves. Any thing we can do to help save a life provide some measure of comfort is so much appreciated.

The local branch shipped two large lots to headquarters last week containing 85 articles of hospital surgical, i.e. pillow slips, sheets surgical gowns, pyjamas and bedgowns, 102 night dresses. Another box of refuge clothing and quilts will be shipped next week.

The committee in charge of the picking of Christmas parcels for British boys who are in different branches of His Majesty's Forces, in Canada. Anyone wishing to make an enclosure in these parcels have them in by the 1st of December.

MRS. S. E. DAFLOS

CALLING UP NEW GROUP NEXT WEEK

With the second 80-day military training period scheduled to commence November 22, notices have been issued by the registrars of the thirteen divisional Boards of the National War Services Department to call up men of 21 and 32 and a small number on the 23-year old class to report for medical examination.

In making this announcement, Major General L. R. LeFebvre, assistant deputy minister, stated instructions make it clear that all medical practitioners in good standing throughout Canada have been appointed examining physicians by the National War Services Department. At the same time, the stress of the fact that each man must sign the medical examination report on which appears the doctor's report on his physical condition.

Major LeFebvre pointed out that since the time of national registration—last August—many young men have enrolled in universities and colleges, or have joined the navy, army, air force or a nonpermanent active military unit. "If you do not report for medical examination should be received by any of these men, they must immediately inform the registrars whose name appears on the upper left hand corner of the notice," he stated. "Their steady co-operation in the war for medical examination."

Following the same procedure adopted in the case of the first group

ANNUAL OLD TIMERS DANCE NOVEMBER 29

At a Board of Trade meeting held one evening last week, the date for the annual Old Timers' banquet and dance was set for Friday November 29th. As usual the old timers will be the guests of honor and will be invited to attend the big doings. As this event is the biggest social event of the year it is anticipated another record breaking crowd will be on hand to celebrate. The committee in charge of the program for the banquet are planning to have a splendid program of speakers, music, etc.

THE WEEK IN EDMONTON

Immediate provision of more grain space at key points throughout the west was urged by the caucus of Social Credit members during sessions held in Edmonton. Stating that the "extreme gravity of the wheat crisis was given full and serious consideration" by the government, the Social Credit members declared failure to provide for the proper disposition of the 1940 crop is certain to have a disastrous effect for the handling of the 1941 crop.

The caucus also instructed the government to renew Alberta's application for a Bank Charter, and the instructions will be acted upon. Decision was reached after the caucus had fully discussed and considered the attitude of the banking and commerce committee and the House of Commons last summer," said Hens. Lucien Maynard, making the announcement. "With a government owned bank, guarantees would not be necessary and the full profits from the bank would be used to help the people. It is felt by the caucus that such an important matter should not have been sidestepped."

Decision of the University Board of Governors to rehabilitate and strengthen the University radio station CKUA comes after deficiencies in the existing equipment have long been pointed out. The 1938 and 1939 annual reports of the Department of Extension referred to the necessity for a new transmitter, stating that the technical quality of the station's transmissions has been very unsatisfactory and the modulation has had to be reduced to a very low point in order to improve the quality. The result, according to officials, was that various educational courses were nullified in the usefulness to students at points on the edge of the normal area of transmissions.

Lumber workers in districts more than 10 miles from any Alberta city are given benefit of minimum wage increases ordered by the Alberta Board of Industrial Relations. The order became effective November 1st, and about 6,000 workers are affected. Employees of sawmills, box factories, wood working plants, logging and the contractors must now be paid \$35 a month minimum with board and lodging, as compared with the \$30 a month previously. A nine hour day is provided for, and 35 cents an hour overtime rates must be paid, except in the case of certain incidental occupations. Improved conditions in the lumber business and bright prospects for the future were given by Clayton Adams, board chairman, as reasons for the wage increases.

Alberta's young women are making themselves known in widely separated fields of endeavor. From Britain comes news of six Edmonton nurses and two from Calgary who are already veterans of the war, caring for as high as 80 casualties at a time in the combat area. They are attached to a R.C.A.M.C. clearing station operating under canvas. And from Toronto, comes news that two Alberta girls, Isabel Ferguson of Calgary and Nora Fulcher of Leduc have

of young men called upon to undergo military training, these in the same group who are found to be medically fit will be notified. Transportation warrants, covering transportation from the nearest place of residence to the indicated training center, will be issued if necessary.

MANY ATTEND REMEMBRANCE DAY SERVICES

Remembrance Day services were held at the moment Monday morning when over 100 men of the N.F.F. under Major G. H. Gooderham attended in uniform. Also present were Guides, Cadets, Veterans of the last war and townspeople. Rev. Mr. Upton conducted the short service and Trumpey E. Evans sounded the Last Post. Even though the weather was below zero and the service short it was most impressive. After the ceremonies the Veterans paraded to the cemetery and laid wreaths on the graves of their comrades buried there. At 12:30 the entire company of the Nine Permanent Force paraded to Old St. John school where dinner was served them.

Representatives of women's organizations conferred with the board of industrial relations this week. Proposals to prohibit the employment (Continued on another page)

LADIES SOCIAL CREDIT GROUP MEET

Thursday the Meadowbrook A.C. Group met at the home of Mrs. E. Bollinger when a goodly number of members answered the roll call with something concerning Hallows' President Mrs. Hayes conducted the meeting but Miss Lucille Bell acted as secretary in place of her mother who found it impossible to attend. Some correspondence was read and very important pamphlets were distributed to the members. The quit committee reported that tickets for the quilt were nearly all sold and that drawing for quilt would take place at the dance at Meadowbrook on November 18th.

Mrs. Kiley read a very interesting and instructive article on C.B.C. radio news broadcasts. The group undertook to enter a combined quiz contest. Five instructive questions were given to be answered at the next meeting when five more will be given. The one receiving the highest total for the first set will be given a prize at the Christmas program meeting. A very delightful tea was then served by the hostess. The next meeting will be held at the home of Mrs. Lilla.

The talk had been of hardships endured by Canadian farmers, when a member of the group drew from his pocket a letter and read it aloud. It was written by a relative of one of the men at present and unfolded a tale of suffering indeed, how once peaceful homes in France were

menaced first by the descent of frantic, famishing refugees and then despoiled and defiled by the army of invasion. It told of flight southward, miles of drifting without respite except when taking cover in ditches to escape bombs and bullets from the skies, then of the dis-

SEEDTIME AND HARVEST

Dr. K. W. Neasey
Director, Agricultural Department
North-West Live Stock Association

The discouragement on the germ end of the grain, commonly called "black point" or "black tip," is unusually common in this year's crop. The term "germ smudge" has been adopted by plant pathologists for this disease to avoid confusion with a less conspicuous and less common disease which they call black point. Germ smudge is a fungus disease, and may be caused by at least two different fungi. One of them (*Helminthosporium autumnum*) is a dangerous parasite, being a very common cause of seedling blight and root-rot of wheat. Fortunately, it is capable of attacking roots, leaves and grains of barley.

The fungi which cause kernel smudge are probably present in all wheat fields in western Canada, and the air contains an abundance of spores, especially in late summer and in the fall. Outbreaks of the disease such as that which occurred this year must, therefore, be due largely to favourable weather conditions. It appears that the new rust known as stem rust is more susceptible than were the old standard varieties such as Marquis.

There is, at present, no way of controlling or preventing kernel smudge. Diseased seed may produce a crop free from kernel smudge, and the crop produced from disease-free seed may contain many discoloured kernels. Since, however, one of the fungi involved may cause seedling blight, it is suggested that grain intended for seed should be treated with an organic mercury dust.

Dr. J. C. O'Leary, Associate Plant Pathologist at the Dominion Rust Research Laboratory, has consented to prepare a more complete discussion of this problem for publication in the next issue of the now well known semi-annual "Seedtime and Harvest."

covery that the enemy barred the way ahead and of having to retreat; these weary steps toward what once had been home. But the enemy had been there. What could not be carried away was smashed. Gens were all men and tributes and weapons, and freedom. There remained only the instinct and quest for food. That said the reader folding the letter, might cause Canadians to consider the inestimable value of liberty which is worth some sacrifice to retain.

LOCAL NEWS ITEMS OF THE TOWN AND DISTRICT

Sunday night it was 22 degrees below zero.

Mr. and Mrs. D. Bond spent the holiday in Lethbridge.

Miss W. Leggett spent the week end in Calgary visiting her parents.

Frank Woods of Duchesne spent the holiday in town visiting relatives.

Miss N. Downey and S. Haskayne spent the week end visiting their former parents in High River.

Oliver Gilbert of Medicine Hat spent the weekend in town visiting relatives and friends.

Bob and Cam Brown, Al Wilson, Herb Hunter and Bert James were goose hunting one morning last week. They returned with 30 birds. Has anyone around here beaten that record?

Ice making at the arena was started Monday. Slow progress has been made owing to poor water pressure. If there was lots of pressure and the fire hose used, a sheet of ice could be made in a day since the water would freeze as fast as it was put out.

Geo. A. Guthrie D.D.M.G., of the Massey Lodge held the local chapter last night. There were a number of visitors present from Strathmore, Banff and Beaulieu Lodge. When the lodge ceremonies were over a duck supper was served.

Lake fishing for the coming winter have been set out in the Albert Gazette published at the beginning of November. All commercial fishermen are requested to make them selves acquainted with the order all various reasons will be in effect until break-up, within their set limits. Rigid adherence to conservation policies will be maintained by the fisheries branch, it is declared.

THE WEEK IN EDMONTON

of girls and women between 12 mid night and 6 a.m. The move is designed to protect women, rather than curtail employment, said Mayor Adams, board chairman. He added that exceptions would be made in the cases of nurses, telephonists and hospital staff workers.

CORRESPONDENCE

Halecyon Hot Springs, B.C.
Editor Call:

To the men in the street, war is just a conflict with guns, machine guns and "revolvers. To the straight it is a game in which a move by king or pawn may cause the collapse of an adversary. The campaigns of Napoleon, Lee and Jackson have been a pattern for all time. Napoleon has killed generals but none could fight a campaign like the Little Corporal. Officers may be good tacticians and not be able to see beyond the parapet ground. By superior strategy against tremendous odds, General Roberts, Lee and Stonewall Jackson crowned the arms of Old Virginia with immortal glory. Their planning was perfect in time and execution, and only exhaustion defeated them. The Maginot Line was constructed at colossal expense, but the front door was left open. The enemy with superior mechanical equipment smashed through.

For years France was a whilful of changing governments which weakened national morale, to become a fertile soil for the enemies of the French people. The soul of France is destroyed and the future is viewed with misgivings. France will recover but it may take a hundred years. The one hope lies in a union with the British Empire with one sovereign and one flag. The new state—Franglia—would be the strongest bulwark for peace and liberty for all time and unassailable.

One of the lessons from the tragedy of Europe is that all societies, without exception and of whatever nature which have their affiliations in foreign countries, should be rigorously suppressed in defence of national security. It is the first step toward national solidarity.

Tactical resources are sufficient for the defence of Europe, but the slide-door through Eire is open. With an enemy on three sides the position of England would be critical.

Let no one imagine that our enemies are always at fault. They should teach us the Empire must always be ready to fight when any nation is disposed to throw its hat into the ring.

Out of 2153 years of recorded his-

"TYPHOON" Dorothy Lamour and Robert Preston.

GLEICHEN COMMUNITY HALL

tory, only 208 have been free of war. Wars and rumors of war are predicted to the end of the world, for human nature changes but is always the same. It would be the great factor in the promotion of security if the British Commonwealth thought always in terms of war instead of peace. There are those who can see into the future but in this world it is more convenient to be behind the times than ahead of them. In the vicissitudes of the streets the former is a foggy and the latter a fanny.

What is the matter with this may world? Is a frequent question. The answer is that the whole world—Christian more than heathen—suffers from an utter disregard of moral principles. National hopes, aspirations and security are wrecked on the shifting sands of world politics. The teachings of governments supposedly Christian surpasses all understanding.

It may be that the new age is coming, and from an anguish and ashes of the present conflict will come a better and better era, and an Empire greater than has been.

F. E. BURNHAM,
Brigadier-General.
